KING EDWARD VI ASTON SCHOOL

ANTI-BULLYING POLICY

1. Statement of Intent

i. Bullying of any kind is unacceptable. Bullying hurts, threatens and frightens. Everyone has the right to be treated with respect.

ii. When bullying does occur, all students should be able to tell someone and know that incidents will be dealt with promptly and effectively.

iii. Students who are demonstrating bullying behaviours need to learn different ways of behaving.

iv. The school is committed to providing a caring, friendly and safe environment so that all students can enjoy and achieve during their time here, via a cohesive, collective and collaborative approach.

2. Definition of bullying

Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying can be physical, verbal or psychological.

Bullying can be:

i. Emotional - being unfriendly, excluding, tormenting (e.g. hiding books, threatening gestures)

ii. Physical - pushing, kicking, hitting, punching or any use of violence

iii. Racist - racial taunts, graffiti, gestures

iv. Sexual - unwanted physical contact or sexually abusive comments

v. Homophobic - because of, or focusing on the issue of sexuality

vi. Disablist - because of, or focusing on the issue of disability or difficulty

vii. Verbal - name-calling, sarcasm, spreading rumours, teasing

viii. Cyber - all areas of the internet – e.g. email, misuse of chat rooms, threats by social media and telephone calls, misuse of technology, i.e. camera and video facilities

3. Objectives of this policy

i. Bullying will not be tolerated. Students and parents should be assured that they will be supported when bullying is reported.

ii. All governors, teaching and non-teaching staff, students and parents should have an understanding of what bullying is, and the effect it can have on our young people.

iii. All governors, teaching and non-teaching staff, parents and students should know what the school policy is on bullying, and follow it when bullying is reported.

iv. All pupils to understand their potential involvement in bullying (see below) – ringleader (bully), target, assistant, reinforcer, defender, outsider.
4. Roles involved in bullying

i. Ringleader – initiating and leading the bullying, but not always the person ‘doing’ the bullying

ii. Target – the person at whom the bullying is aimed

iii. Assistant(s) – actively involved in ‘doing’ the bullying

iv. Reinforcer(s) – supports the bullying, might laugh or encourage other people to ‘collude’ with what is going on

v. Defender(s) – stands up for someone being bullied. Knows that bullying is wrong and feels confident enough to do something about it.

vi. Outsider(s) – knows or suspects bullying is going on, but ignores it and doesn’t want to get involved

5. Signs and symptoms of bullying

A student may indicate by signs or behaviour that he is being bullied. Adults should be aware of these possible signs and symptoms and they should investigate if a young person:

iii. Doesn’t want to go on the school/public bus

iv. Begs to be driven to school

v. Changes their usual routine

xx. Is afraid to use the internet or mobile phone

xxi. Is nervy and jumpy when a cyber message is received

These signs and behaviours could indicate other problems, but bullying should be considered a possibility and be investigated.

6. Response strategy

All bullying behaviour or threats of bullying must be investigated and the bullying stopped quickly. The following strategy will be followed:
i. Secure the safety of the target
ii. Focus on addressing behaviours
iii. Establish what attitudes and values are underpinning the behaviours
iv. Put in place additional support for either those demonstrating bullying behaviours and/or those who are the target.

7. Procedures

A. Always report bullying incidents, to any member of staff. If a student is being bullied, or knows of someone else who is being bullied, they MUST TELL SOMEONE. It is often best to inform the form tutor or Year Leader.

Students who are bullied should not blame themselves.

If a parent finds out about bullying of their son, or any other boy, they should inform the school, either in person, by phone or email, or via the SHARP system.

The school can only do something if we know there is a problem.

Students can communicate incidents of bullying in a number of ways:

i. Speak to a member of staff – preferably your form tutor or Year Leader
ii. Report the incident or concern electronically via the SHARP system (link on the school website and Moodle), direct to the Assistant Head with responsibility for pastoral arrangements.
iii. Write a statement to their form tutor or Year Leader and post it in the internal school post box

B. The incidents will be fully investigated by a member of staff. Once the details have been established staff should be informed about the person being targeted and the other students involved in morning briefing and via email, and the situation monitored in lessons.

C. Students who have been bullied will be helped by:

i. Being given an immediate opportunity to discuss the experience with a form tutor or Year Leader.
ii. Being given an opportunity to speak to the school counsellor
iii. Being offered reassurance and support as the Year Leader begins an investigation.
iv. They will be asked to provide a written statement which identifies the potential ringleader, and any others involved, and the nature of the bullying.
v. Witnesses to bullying will also be asked to produce a written statement.
vi. Parents will be informed by the Year Leader.

D. Students who have demonstrated bullying behaviours will be helped by:

i. Discussing what happened and why they became involved in such behaviours.
ii. Establishing the wrong doing and the need to change.
iii. Those demonstrating bullying behaviours will be asked to provide a written statement of the bullying incident(s).
iv. Witnesses to bullying will also be asked to provide a written statement.
v. Parents will be informed by the Year Leader.

E. The Year Leader will make a judgement, based on evidence, to take any one or more of the following courses of action:
• Mediation between the bullied and bully. If possible, the students will be reconciled.
• Disciplinary action against the bully using school behaviour policy and mediation with the bullied and bullying student(s).
• Reporting the incident to the Assistant Headteacher (Pastoral) in order to facilitate further investigation. In extreme cases the Headmaster will take the decision to exclude a student for a fixed term or, in extreme cases, recommend permanent exclusion.

F. If necessary, the police will be consulted.

G. The Year Leader will:
   i. Make a record of the students demonstrating bullying behaviours on SIMS, including actions taken and the nature of the behaviours. They will also record all the details (including statements), which will identify any students involved and the nature of the bullying. This will also include a brief action plan which describes what action is to be taken to end the bullying behaviours and will identify how it will be monitored.
   ii. This record will be used annually to make amendments to the PSHE/citizenship programme to prevent further bullying incidents.

H. The parents of the bullied student and of the student who has been bullying will be informed by the Year Leader of the outcome of the investigation and the action taken.

I. After the incident has been investigated, it is the responsibility of the staff, parents and student to monitor the situation to try to prevent any further bullying behaviours from taking place.

J. The Year Leader may take the decision to refer the bullied student, and/or those demonstrating bullying behaviours to the school counsellor, for additional confidential support. This course of action will only be successful provided the student agrees. In addition, the use of sixth form mentors will be considered in order to support either the bullied or bullying student.

A. Bullying outside the school’s premises

No student should suffer in silence. Where a student, parent or other source report bullying behaviours off the school premises, a range of steps may be taken:

i. A discussion with the police about problems on local streets
ii. A discussion with the transport company about bullying on buses and trains
iii. A discussion with the pastoral leader / Headteacher of another school if any students are proven to have demonstrated bullying behaviours
iv. Remind students of the need to act safely when travelling to and from school
v. Reporting the incident to the relevant website / company in light of cyber-bullying
vi. A bullied student will be given the opportunity to speak to the school counsellor
B. Prevention of bullying

The school will promote and develop a culture of zero tolerance towards bullying. This will be achieved by:

i. Reviewing the PSHEE programme for each year group annually, and the programme amended to take account of incidents recorded in the bullying log for the previous academic year.

ii. Continual promotion of the SHARP system to encourage all incidents to be reported not only by the student but also by their peers, parents or the wider community.

iii. The Anti-bullying policy will be made available on the school website and new students and parents will be sign-posted and advised to read it as part of the induction programme.

iv. Each year the school will participate in national anti-bullying week using assembly time and PSHEE lessons to address the issue of bullying with the whole school.

v. As part of their induction programme all new staff will be made aware of the anti-bullying policy, its procedures and their role in dealing with incidents of bullying.

This policy was approved at the meeting of the Staff & Student Welfare Committee which took place on 26th June 2017.

Next review date: 2019 summer term meeting of the Staff & Student Welfare Committee.
